

Yash Rai

SOFTWARE ENGINEER

+91 87701-90174 | yash2154rai@gmail.com | [Yashrai](#) | [github](#) | [Portfolio](#)

SKILLS

BACKEND DEVELOPMENT | Python • FastAPI • NodeJS • ExpressJS • Golang

MISCELLANEOUS | C, C++ • Git • GitHub • MongoDB • MySQL • Linux • Docker • POSIX • Assembly Language

FRONT END DEVELOPMENT | JavaScript • Tailwind CSS • ReactJS • Redux • NextJS

PROJECTS

DEVORA | Arch-based Linux Distribution | Arch Linux, Archiso, GNOME, BASH | [Live Link](#) | [GitHub](#)

- Built a custom Arch Linux ISO using archiso, integrating pre-configured GNOME environment and automated installation scripts to streamline system setup.
- Simplified the Arch installation process by eliminating manual configuration steps, enhancing usability for end users while maintaining system flexibility and performance.

SCRIPTLY | Automated Linux IDE Installer | BASH, CURL, TAR | [Live Link](#) | [GitHub](#)

- Engineered Bash-based automation tool for streamlined IDE setup across multiple Linux distributions with intelligent dependency detection.
- Reduced IDE setup time from 10+ minutes to under 1 minutes through modular architecture and automated configuration.

CAMPUS CONNECTION | NextJS, MongoDB, NextAuth, Firebase | [Live Link](#) | [GitHub](#)

- Built a full-stack campus networking platform with secure authentication, real-time messaging, and media sharing..
- Implemented NextAuth (JWT, HTTP-only cookies), WebSockets for low-latency chat, and optimized MongoDB with indexing.

EXPERIENCE

Software Developer Intern – Unizztech
Oct 2024 – Dec 2024

- Built and optimized React-based web applications with Redux and REST APIs, improving performance through lazy loading and efficient state management.
- Collaborated in Agile teams to develop reusable components and enhance UI responsiveness, contributing to faster and more maintainable frontend systems.

EDUCATION

CDGI indore

MCA, *Computer Science*
2027 | Indore, MP

Renaissance university

BCA, *Computer Science*
2025 | Indore, MP
CGPA: 7.32/10

COURSEWORK

Introduction to RISC-V course
by Linux Foundation

Computer Architecture
Data Structures and Algorithms
Linear Algebra
Calculus
Software Engineering
Database Management System
Computer Networks
Web Technologies

ACHIEVEMENT

Secured 4th rank in a competitive programming competition, demonstrating strong problem-solving and algorithmic skills.

Solved over 230+ problems on [LeetCode](#) demonstrating strong algorithmic and problem-solving skills.

INTERESTS

• Calisthenics • Chess • Health
